## GREENS GRADE SPRING STARTER & GRANULATED NATURAL BASE FERTILIZER

**Benefits of Sustane 10-1-4**

**Natural Base Spring Starter**

- Provides soluble nitrogen for early green up in cold soils.
- 75% of the total nitrogen is water soluble and readily available.
- The N source is in the ammonium sulfate form and is known to lower soil pH and aid in suppression of certain turfgrass diseases.
- Organic base carrier from Sustane compost and natural sulfate of potash supply all other nutrients and humic substances required for total soil nutrient cycling.
- The first high soluble N source for turf carried on and buffered by Sustane concentrated compost.
