NATURAL FERTILIZERS & SOIL BUILDERS

PRODUCTS, PROGRAMS, AND POINT OF SALE

RETAIL

All Natural and Organic Fertilizers and Soil Builders for
Superior Lawn, Landscape, Roots, Fruits, and Blooms

ALL NATURAL AND ORGANIC FERTILIZERS FOR LAWN, LANDSCAPE, ROOTS, FRUITS, & BLOOMS.

CONCENTRATED COMPOST 2-2-2

ORGANIC GRANULAR 4-6-4

ORGANIC GRANULAR 8-2-4

3-5-3 COMPOST TEA BAGS

REBUILD DEPLETED SOIL WITH ALL NATURAL NUTRIENT RICH CONCENTRATED COMPOST

FOR LARGER ROOTS, MORE COLORFUL FRUITS & BLOOMS

FOR VEGETATIVE, LEAFY TOP GROWTH - MIX IN SOIL OR TOP DRESS

ALL NATURAL PLANT FOOD IN A 21-GRAM PAPER FILTER PACK FOR BREWING COMPOST TEA

Biologically stabilized, dried and screened product that is a cross between a traditional compost and an organic 2-2-2 fertilizer:

- Increases beneficial soil microbial populations, which promotes nutrient cycling
- Improves soil structure, porosity, and stability, leading to greater root development
- Increases the nutrient and water holding capacity of the soil
- High nutrient concentration reduces the need for additional fertilizer
- Low moisture makes the product easy to handle

This all natural and organic, compost-based fertilizer is rich in humic acids, and contains all 17 essential plant nutrients. It builds soil structure & promotes microbial diversity and is ideal for:

- General soil preparation of vegetable and flower beds
- Incorporate into potting soils
- Using as a turf grass starter fertilizer
- Overall soil building

This all-natural and organic, slow release nitrogen fertilizer provides lasting plant nutrition from compost and nitrogen rich feather meal. It is a professional grade fertilizer that provides all essential plant nutrients and is ideal for use on:

- Lawns and landscape areas
- Trees and shrubs
- All plant varieties for leafy, green growth

Our permeable tea bags are packed with our all natural 3-5-3 compost-based fertilizer and can be left to steep in a watering can overnight to make Compost Tea, a powerful brew that is highly effective and fast-acting when watered on plants:

- Make liquid organic fertilizer
- Soil microbes activate in the water, converting nutrients to plant-available form, resulting in immediate, beneficial impact
- The tea increases yield with minimum effort
- Makes fertilizing easy: no fuss, no mess, no measuring
- Reduces plant disease incidence

ALL NATURAL AND ORGANIC 4-STEP PROGRAM

THE ALL NATURAL & ORGANIC 4-STEP PROGRAM THAT PROVIDES A BEAUTIFUL LAWN, ALL SEASON LONG.

Bag Size: 30 lb // Bags per Pallet: 66

9-0-0 SPRING WEED & FEED

9-0-2 SUMMER MAINTENANCE

4-6-4 LATE SUMMER STARTER

8-0-4 FALL WINTERIZER

Spring Weed and Feed

Sustâne 9-0-0 with Non-GMO Granular Corn Gluten Meal (CGM) is a natural broadleaf pre-emergent that Sustâne 9-0-0 helps prevent weeds from establishing in the spring. Helps promote thicker lawns and lasting turf color. Sustâne 9-0-0 CGM from Sustâne is consistent and easy to apply.

Item # 80-60-1131

Turf Maintenance

Sustâne 9-0-2 combines Slow Release Nitrogen which helps promote thick lawns and lasting turf color with quickly available natural Chilean nitrate for a fast turf response. Sustâne Turf Maintenance is made from a blend of aerobically composted turkey litter, green waste compost, feather meal, Chilean nitrate, and sulfate of potash.

Item # 80-61-1131

Turf Starter & Over-seeder

Add Sustâne 4-6-4 mixed with new grass seed to an existing lawn as a great way to promote dense grass coverage and help crowd out weeds. Specifically formulated to be applied directly with grass seed and not burn, it combines aerobically composted turkey litter, feather meal, and sulfate of potash.

Item # 80-62-1131

Fall Winterizer

Sustâne 8-0-4 provides the plant nutrients that grass needs to prepare for winter resulting in a quick spring green up. Sustâne Fall Winterizer promotes thicker lawns and early spring color. Sustâne 8-0-4 is made from a combination of aerobically composted turkey litter, green waste compost, feather meal, and sulfate of potash.

Item # 80-63-1131

NEW!

SUSTANE MYCOBIO DELIVERS SELECT INGREDIENTS FOR EFFECTIVE MYCORRHIZAL COLONIZATION REGARDLESS OF GROWING CONDITIONS.

BOLSTER MYCOBIO

Mycobio is a biologically super-charged granular soil amendment and microbial inoculant that enhances root growth resulting in plants that are better able to withstand environmental stress. Mycobio promotes vigorous plant establishment and improved nutrient use efficiency from seedling through harvest. Specially formulated with a mix of endomycorrhizae and beneficial bacteria, it enhances seed germination and vigorous growth to increase quality and value.

Mycobio contains a minimum of 120 spores/g of mycorrhizae and 100,000 CFU/g of bacilli bacterial inoculant.

AVAILABLE IN FINE GRADE 100 SGN

| <i>Rhizophagus clarus</i> | 12 spores/g |
| <i>Septoglomus deserticola</i> | 12 spores/g |
| <i>Claroideoglomus etunicatum</i> | 12 spores/g |

TOP 10 REASONS WHY SUSTÂNE IS KNOWN AS WORLDWIDE AS BEING... SIMPLY THE BEST...

- 1 Provides TOTAL Plant Nutrition**

Sustâne contains all 17 nutrients known to be essential for plant photosynthesis to occur.
- 2 Feeds Plants Over Time...Without Burn or Loss to the Environment**

Plants are like people in that they need nutrition in small doses over time. Sustâne provides both early nutrient availability for quick starts, as well as slow-release nutrition for long lasting growth.
- 3 A Fertilizer AND Soil Builder – Sustâne Strengthens and Restores all Soil Types**

Sustâne fertilizers contain stabilized organic matter (humus) that improves the soil's capacity to store and exchange nutrients. Humus improves the water holding capacity of soils and improves water filtration by increasing soil pore space.
- 4 Improves Soil and Plant Biological Activity**

Soil and plants are dependent on the level of biological activity present in their ecosystem. With the application of Sustâne, beneficial soil microorganisms thrive and multiply. The key to the general health of plants and soils is to maintain diversity in their systems, and Sustâne does this naturally.
- 5 Fights Soil and Plant Diseases the Natural Way**

No other fertilizer has been proven to be as effective as Sustâne in helping fight plant disease caused by soil borne pathogens. Sustâne has been tested for its capacity to reduce plant injury and help plants recover from disease-causing organisms by enhancing beneficial soil biological activity without pesticide use.
- 6 Safe, Sustainable, and Easy to Use**

Sustâne products are biologically stable so there is no offensive odor and no harmful bacteria. Uniform granulation eliminates dust and provides consistent, precise coverage. Our products are ecologically sound and simple to use.
- 7 Made from Natural and Organic Materials**

The Sustâne process begins with nutrient rich organic matter and concentrates it into the finest compost. The result of our six-month aerobic composting method is a material that is rich in humus, dense with all-natural and organic nutrients, and biologically active.
- 8 Built with Renewable and Recycled Resources**

Because Sustâne is made from concentrated organic matter, it is truly a resource conserving fertilizer, one that is not dependent on fossil fuels and synthetic processes. Our OMRI listed products are approved for organic growers and are USDA certified as biobased materials.
- 9 Used by Professional Growers Around the World**

Sustâne is used by professional growers in over 60 different countries. Sustâne serves all green industries including Agriculture, Landscape, Home Gardens, Erosion Control Revegetation, Nursery and Greenhouse Production, and Turfgrass.
- 10 Research Driven Results for Unmatched Performance**

At Sustâne, we believe in the science of sustainability, which is why we've compiled over 700 independent studies to create the best possible products. Through research conducted by scientists at many universities and independent research facilities around the world, Sustâne consistently demonstrates superior results time and time again.
