

10•2•10+FE

NATURAL BASED SLOW RELEASE NITROGEN FERTILIZER

IDEAL FOR
GREENS AND TEES

KNOWN WORLDWIDE FOR *SIMPLY THE BEST...*
...NATURAL FERTILIZER & SOIL BUILDERS!

SUSTANE® 10•2•10+FE GRANULAR

Description:

Sustane 10-2-10 +Fe Natural Based Fertilizer provides 1:1 N:K and 80% slow-release nitrogen in a greens ready Fine Grade (100 SGN). Sustane 10-2-10+Fe combines Sustane organic compost base with iron sulfate organically chelated during the active aerobic composting phase providing for slow-release iron for enhancing chlorophyll production and turf color.

Recommended Use:

Sustane 10-2-10+Fe is designed for use as a stand-alone putting green fertilizer or as the background fertilization for a liquid feeding program. Suitable for use on all turfgrass types providing quick green up followed by long-lasting slow-release organic nitrogen. Use where even growth and color are needed for eight to ten weeks.

Application Information

Coverage

50 lb. covers 5000 ft² @ 1 lb. N per 1000 ft² (44 lb. N per acre)

22.67 kg covers 465 m² @ 0.5 kg N per 100 m² (50 kg N per hectare)

10 lb. per 1000 ft² = 5 kg per 100 m²

Cool Season Turf Greens and Tees

Apply 3-4 times per season. Spring and Fall rate 10 lb. per 1000 ft²; (5 kg per 100 m²) Summer rate 5 lb. per 1000 ft², (2.5 kg per 100 m²)

Warm Season Turf Greens and Tees

Apply every 30-45 days or as determined by clipping weight

On Bermuda Grass, 10 lbs. per 1000 ft², (5 kg per 100 m²) per application

Benefits of Sustane 10•2•10+Fe

- Fast green up from 20% quick release water-soluble N
- Long-lasting 80% slow release nitrogen from organic N and methylene urea
- Organically chelated iron for slow release, deep green color
- Built on Sustane compost base with the standard 1:1 N to K ratio to match plant uptake requirements
- Will not burn or cause excessive top growth
- Homogenous 1 mm particles - each particle contains all components
- Fast, uniform coverage penetrates into turf canopy with light irrigation
- Non-stick particles stay where they are placed
- Sustane 10-2-10+Fe works on all grass types
- Universally recognized to be the most even, foolproof, natural base granulated fertilizer for fine cut turfgrass

10-2-10+Fe Guaranteed Analysis

Total Nitrogen (N).....	10%
1.1% Ammoniacal Nitrogen	
4.7% Water Insoluble Nitrogen*	
0.8% Urea Nitrogen	
3.4% Other Water Soluble Nitrogen*	

Available Phosphate (P ₂ O ₅).....	2%
Soluble Potash (K ₂ O).....	10%
Calcium (Ca).....	1%
Sulfur (S).....	5%
Iron (Fe).....	2%

Derived from aerobically composted turkey litter, ammonium sulfate, iron sulfate, sulfate of potash, and methylene urea.

*8.1% slowly available nitrogen from aerobically composted turkey litter and methylene urea
